

**CUSTOMER ASSISTANCE GUIDE
BUILDING PERMIT APPLICATION SUBMITTAL REQUIREMENTS**

**DETACHED STRUCTURES (1000 SQ FT OR MORE)
ACCESSORY TO DETACHED ONE FAMILY DWELLING**

(Shed – Detached Garage – Pavilions – Etc)

- Please read all of the following information.
- The following is a check list. You must have a “checkmark” in all the sections listed below prior to submitting your application.

_____ “Affidavit of Exemption” (See attached form) If you are hiring a contractor to construct your structure, and they have workers’ compensation, have the contractor or their insurance carrier provide us with a “Certificate of Insurance” showing proof of such. If the homeowner or a contractor without workers’ compensation is constructing the structure, the attached form must be completed and notarized.

_____ A site plan showing the proposed detached accessory structure, the outside dimensions of the structure, the distances in feet, to the front, sides, and rear property lines.

_____ Two (2) sets of construction drawings that **show in detail** code compliance for all of the work proposed, to include **but not limited to** the following information;

- _____ Footing detail including depth below frost line.
- _____ Type of foundation.
- _____ Roof rafter size (2x6, 2x8, 2x10, etc).
- _____ Rafter spacing (16” on center, 24” on center, etc).
- _____ Thickness and type of roof sheathing.
- _____ Ceiling joist size and spacing.
- _____ Floor joist size and spacing.
- _____ Wall sections showing top, bottom plates and headers.
- _____ Location and size of all beams, girder/headers.
- _____ Sizes of all doors.
- _____ Plumbing Plans if applicable.
- _____ Mechanical Plans if applicable.
- _____ Electrical Plans if applicable.
- _____ Wall bracing detail (material, length and fastening).

_____ Completed building permit application.

MDIA will review plans submitted to determine code compliance. If the minimum submittal requirements are not met, we will ask the applicant to supply additional information. If the minimum requirements are met, the plans will be marked “approved”. A building permit will be issued and the applicant will be notified of the inspection fees and when they can pick-up the permit at the Municipal Building. All fees shall be paid prior to the issuance of the permit. Then use the inspection procedures provided to have all of the required inspections performed.

INSPECTION PROCEDURES DETACHED ACCESSORY STRUCTURES

- Building permit must be posted on the site of the work and clearly visible from the road until completion of the project.
- Your approved plans must be available at all times for inspections. These are the plans that were submitted with your application and were marked "Approved" by the Building Code Official.
- The permit applicant or authorized agent is responsible for scheduling all inspections.
- To schedule an inspection call the inspector listed below.
- **DO NOT schedule an inspection if the work is not ready!!!!**
- When scheduling an inspection, you must supply your permit number to the inspector.

PLEASE GIVE THREE (3) WORKING DAYS ADVANCE NOTICE

Inspector: Josh Smith Phone: 412-292-0396

BEFORE DIGGING CALL 811 – SEE ATTACHED BROCHURE

THIS FORM REQUIRES A NOTARY SEAL

AFFIDAVIT OF EXEMPTION

The undersigned affirm that he/she is not required to provide workers compensation insurance under the provisions of Pennsylvania's Workers' Compensation Law for one of the following reasons, as indicated:

_____ Property owner performing own work. If property owner does hire contractor to perform any work pursuant to building permit, contractor must provide proof of workers' compensation insurance to the municipality. Homeowner assumes liability for contractor compliance with this requirement.

_____ Contractor has no employees. Contractor prohibited by law from employing any individual to perform work pursuant to this building permit unless contractor provides proof of insurance to the municipality.

_____ Religious exemption under the Workers' Compensation Law. All employees of contractor are exempt from workers' compensation insurance (attach copies of religious exemption letter for all employees).

Signature of Applicant

County of _____

Municipality of _____

What do we do?

We are the "Call before you dig!" company for all of Pennsylvania. If you plan to disturb the earth with powered equipment, you are required by Pennsylvania law to notify the underground utility companies of your intent to do so. Notification occurs by calling 8-1-1 or 1-800-242-1776, 24 hours of the day, every day of the year. Notification can also be done on our website at www.paonecall.org.

We will then notify the utility companies nearby of your intent to dig. The utility companies are responsible to mark where their underground lines are located with colored flags, paint or chalk.

Please Note:

- PA One Call does not mark utility lines.
- In some cases, the utility company may not mark the service lines you own.
- If you need your sewer drain cleared be sure to check www.paonecall.org/crossbore for Call Before You Clear information or call 811 for more information.

Why should you call?

Safe digging is no accident! If you are installing a fence or deck, or digging for a mailbox post, patio or other excavation project, it is important to Know What's Below. Dial 8-1-1 or 1-800-242-1776 before you dig. The utility companies do not want an accident, either. The best way to learn where underground utility lines are located is to call before you dig.

For more information, visit www.pa811.org

Homeowner Quick Tips

- One easy phone call to 8-1-1 three to ten business days before digging begins helps keep your neighborhood safe.
- Call on Monday or Tuesday if you plan to dig on Saturday or Sunday.
- The utility companies will mark where their underground lines are located with colored paint, flags or chalk.
- Do not remove the flags if you see them in your yard.
- Our service is no cost to homeowners.
- Did you hire someone to install your fence, deck or new patio? Ask to see the PA One Call serial number before allowing them to dig on your property.

The Excavator's Responsibility

- Dial 8-1-1 or 1-800-242-1776.
- Do not allow anyone to excavate on your property without calling.
- Always look for the markings on the ground before your dig date.
- If you do not see markings, do not allow anyone to dig. Wait for the lines to be marked by the utility.
- Whoever places the call will receive an email or fax with a list of facility owners who have marked or have not marked. Pay attention to this message.
- Respect the markings by not removing flags or disturbing the actual markings.
- Exercise care around the marked lines by hand digging.
- When the project is complete, the excavator should remove the flags or marks from the ground or pavement.
- Report mishaps by dialing 8-1-1. Report emergencies by dialing 9-1-1.
